## PRESENTING CUSTOM BUILT KIWANIS BENCHES!

Here is a perfect opportunity to promote your Kiwanis Club and honor someone special. Start a project to place these benches in parks, playgrounds, retirement homes, bus stops, courthouse lawns, city squares, malls, schoolyards and other public places.

Each custom built Kiwanis bench is completely weather resistant. Benches are made with cast aluminum ends and include Kiwanis logo, Trex boards and stainless steel hardware. Trex products will never rot, crack or splinter and are weather-resistant, never needing painting or staining for protection. Trex Company began in 1999 and is the country's largest manufacturer of wood-alternative decking, railing and fencing products. They turn millions of pounds of recycled and reclaimed plastic and waste wood each year into Trex products. Most of these raw materials come from recovered plastic grocery bags, plastic film and waste wood fiber. Each bench is custom built by experienced members of the Macomb Kiwanis Club.

**Benches are valued at \$750. Order yours for only \$650.**  
*Shipping and optional custom engraved plaques extra.*
