

YOU can help the
Macomb Kiwanis Club
build a new playground
for children in
Chandler Park!

The Macomb Kiwanis Club has been serving the children of Macomb since 1922. Over the years, Kiwanis has donated thousands of dollars to help provide activities and programs for children. The original Kiwanis Playground was built on the northwest side of Chandler Park in the 1970's. Now, it's time to build an improved new playground on the northeast side of Chandler Park. You can help by buying a memorial brick for your children and family. Bricks are \$100 and will be professionally engraved with up to three lines of 15 characters each. Each brick will be placed in a special patio area next to the new playground.
